

Greenwin Property Management's 88 Erskine Ave. Team in Toronto celebrates their Certified Rental Building Program achievement.

The Program's objectives are:

To approve and classify multi-residential apartment buildings, across the Ontario marketplace, that meet a defined set of industry quality assurance standards for rental housing consumers

To make it easy for tenants, and potential rental housing consumers, to recognize well-run, well-managed multi residential apartment buildings

To provide rental housing consumers with a quality assurance alternative when selecting their apartment home

For a multi-residential apartment building to qualify as a Certified Rental Building it must meet the five mandatory requirements of the Program:

- abide by FRPO's & the Program's Member Code of Conduct
- adhere to the Program's Mandatory Standards of Practice

- successfully comply with the mandatory Third-Party Audit Process
 - agree to market and identify their building as Certified Rental Building to prospective tenants
 - have identified staff successfully complete the Program's Training & Education component
